1. Go to your Drive and open your portfolio. Go to your **ENGLISH** page.
  - Each assignment on this page needs a **title**. Add one for any that are missing. (The text style for titles should be **Heading**.)
  - Move images** so they are **NEXT TO the paragraphs** that go with them. Do any of your paragraphs need more details? Revise and improve them.
  - Adjust image sizes** so they match the paragraphs next to them.
  - PROOFREAD** all paragraphs - do not leave any simple errors.
  
2. Add the following to your **ENGLISH** page:
  - Your best magazine essay (**Insert** the doc from **Drive**)
    - Add a **TITLE and paragraph** NEXT TO your essay - What is the essay about? What makes this your best writing? Be specific.
    - If you did an online magazine, add a **link to your magazine** in your paragraph above.
  - Your best magazine **ad** and your **cover** (if you did an online magazine, upload your TWO best ads instead of your cover). **Download** each as a **JPEG** first, then upload & put them next to each other.
    - Add a **TITLE and paragraph ABOVE** these two items. How did you make these pieces effective? (What have you learned about graphic design?) Think about choice of colors, fonts, etc. **Be specific about choices you made** and how they **improved** your work.
    - Add an **image + text box layout**. Choose your **BEST lit. analysis** from The Moves Make the Man and copy/paste it into the text box. (**Add to your analysis**: include the book title, author's name, and anything else that will improve the analysis.) Find a **picture that represents an idea** from your analysis and insert it next to the paragraph. Add an **original title** above the paragraph.
  - Add an **image + text box layout**. Open your **Symbolic Character Map** (from your Crutcher book). Download it as a JPG and insert it on your portfolio. In the text box next to it, write a **paragraph** that **explains the symbolism** that you added. Add an **original title** above the paragraph.
  - Add an **image + text box layout**. Write two **paragraphs** in response to something from the Skype session and the book you read. Include reference to the book, plus any responses you have to him, his writing, what he shared with us, his work outside writing, etc. Add a **picture** that represents something about him and/or his work. In one of your paragraphs, **explain the symbolism** of the picture that you chose.
  
3. On your **HOME** page, add **image + text box layout**. Write a **paragraph** to introduce viewers to your site:
  - What is your portfolio about? (class? grade level? type of work?)
  - What reading / writing skills have you **improved** on this year?
  - What English work are you **most proud of? Why?**
  - What do you want to **continue to improve** on next year?
  - PROOFREAD** this paragraph - do not leave any simple errors.
  - Add an image NEXT TO** this paragraph - it should **symbolize** something about the work you have done in this class. **Adjust the image size** so it matches well with the paragraph.
  
4. On your **ABOUT** page: Read over the paragraph. If you need to, add more information to make it better. Add a **picture** next to the paragraph that **represents something about you**.
  - PUBLISH** and **VIEW PUBLISHED SITE** to check it. **PROOFREAD** it all carefully and fix errors.
